NEWSPAPER DECISIONS.

1. Any person who takes a paper regularly from the post-office, whether directed to his name or another's or whether he has subscribed or not, is responsible for the payment.

2. If a person orders his paper discontinued, he must pay all arrears, or the publisher may continue to send it until payment is made, and collect the whole amount, whether the paper is taken from the office or not.

3. The courts have decided that refusing to take newspapers and periodicals from the post-office, or removing and leaving them uncalled for, is prima facie evidence of intentional fraud.

SUGS.—After using Champion Machines 12 years we concluded to test the New Buckeye Table Rake with the new one-wheel Champion, and after using them together in wheat for 2½ days, we kept the BUCKEYE, being fully convinced that it would do better work in both lodged and standing grain, and we think it cannot be beaten for cutting Clover Seed. It took up grain that was rolled with a field roller better than the Champion.

Shut The Door!

[Marquette Mining Journal.]

Munising is a small mining town on Lake Superior with a population made up of people from almost everywhere on the globe. The other day, when the mercury was down to about twenty or thirty below zero—a sort of a spring day for the locality—the door of the only store in the place was opened by a non-descriptive, who walked in, leaving the door wide open. "Fermez la porte," yelled the clerk, but to no purpose. Then he yelled out his best German, with the same result. A Swedish man was standing by came to the rescue and talked Scandinavian and Esquimaux at the fellow, but without avail. Forgetting himself in his exasperation the clerk yelled, "Confound it, shut that door!" And then came the response, "Why in thunder didn't you say so at first: I don't understand Indian!"

No Mother should be without Castoria for Children. The old formula of Jld Dr. Fitcher. It assimilates the food cures Costiveness, Diarrhoea and wind Colic, prevents raising Sour Curd, always feverishness and destroys Worms. Castoria is not narcotic. A "rubber-headed tacked" has been invented by a misguided man. The Albany Evening Journal remarks that "everybody who has sat down in peace and risen in wrath knows that the head of a tack is not the end which needs improvement with a rubber point."
